Correct at time of publish. Programme timings are subject to change.

  Please view the programme to find out more information about the sessions running at the virtual BCLA Vision Conference. Note that your attendance will be monitored and you must complete all the MCQ live polling during the sessions attended to be eligible to receive any applicable CET points. Please allow up to 10 working days from the event end date to receive your CET points. To receive CET points, you will need to provide us with your local optical body number, for example, a GOC number. To avoid delays in receiving your points, you must submit your full name and GOC number at time of check in to each CET approved lecture.
