

PART B: INTERACTIVE MYOPIA MANAGEMENT SESSION AND SELF EVALUATION

Participation at one relevant Myopia Management related workshop or peer review is needed to complete Part B of the BCLA Myopia Management Certificate. For the UK, the session needs to be a GOC approved CET, validated with CE number. For overseas members, any relevant country accredited course is accepted.

Opportunities will be available to attend relevant sessions at various (online) BCLA events, though you may also attend a non-BCLA led session, just as long as it meets the Part B course criteria. Note also that any relevant workshop attended within the last six months will be considered as eligible for passing the Part B section of the course too.

After attending one relevant session you will be required to submit proof of attendance (session details to include title, speaker, date and CET reference number) and a self-reflection statement (minimum 100 words). The self-reflection statement should outline the knowledge learnt at the workshop/peer review session, including how you will utilise your key learning to deliver best practice care for dry eye patients.

You would need to have completed and passed both Parts A and B of the course prior to being eligible to sit the Part C exams.

PART B: MYOPIA MANAGEMENT WORKSHOP DATES

Workshops run for approx. 90 minutes and are taking place virtually on the following dates:

Wednesday 29 September at 19:00 (BST)
Wednesday 27 October at 19:00 (BST)

Please contact nicola@bcla.org.uk to book a slot.

Note that you must have completed a minimum of x3 Part A MMC Modules to be eligible to attend a MMC Workshop.

Spaces are limited and will be allocated on a first come, first served basis. If the workshops are full, you will be added to the waiting list until the next workshop dates are released. Further workshop dates will be added in the future and more information regarding future dates will be available on the website.

PART C: VIVA ASSESSMENT

The oral *Viva Assessment* will be held virtually, last approximately 30 minutes and will be with two course examiners to assess:

- Your understanding of the epidemiology, risk factors and progression of myopia
- Your ability to explain myopia management strategies based on a scenario/ video
- Your approach to communicate effectively with children and their parents
- Your approach to management currently used in your own practice/ how to set up

You may refer to the BCLA Myopia Management Criteria and Guidelines document for more information. An information video has been added onto Part C of the Myopia Management course page which provides instructions, examples, and tips for your viva examination and we advise that you watch the video prior to your examination.

Spaces are limited and will be allocated on a first come, first served basis. If the examination slots are full, you will be added to a waiting list until the next examination dates are released. Further examination dates will be added in the future and more information will be available on the website.
